Requirements for IJJC:

☐ **Complete the Capacity Building Assessment Tool for Organizations (CBAT-O)** *(Assessment available starting October 1, 2025)*

IDHS has contracted with ICOY to assess, train, and work with the Department's youth services program providers to build trauma capacity. The Department's goal is to have 100% funded youth services providers achieving and maintaining a "Trauma-Informed" status. All IDHS funded sites are expected to participate in the CBAT-O trauma assessment, training opportunities, and suggested action plans, if determined necessary. Sites will not be penalized for their responses or the scores that result from the accuracy of the responses. **However, all IDHS sites are expected to have a minimum of 80% participation across all staff levels.** The expectation is for all sites to experience growth in their delivery of trauma-informed services.
